Safety Instructions:

- Ensure that the bracket is properly mounted to prevent the monitor from falling.
- Observe the load capacity of the bracket; max. 25 kg for screens.
- During installation, ensure that cables are routed securely to avoid the risk of tripping.
- Ensure use only with VESA-standardised monitors to ensure secure mounting.
- When adjusting the height, ensure that there is no collision with other objects or persons.
- Carry out regular inspections of the bracket before and after installation to ensure that there is no loosening or wear.
