Article Numbers: 157173, 157172, 157147

Safety Instructions:

- Do not use the chair in areas with explosive or flammable materials.
- Secure the height adjustment before sitting down to avoid injury.
- Check the stability of the castors or glides and ensure that the chair is placed on a stable, flat surface.
- Avoid overloading the chair beyond the specified weight capacity.
- Keep the chair away from liquids and extreme temperatures so as not to impair its functions.
- Ensure that the workplace is free of obstacles and that there is sufficient space around the chair to prevent falls.
- Risk of suffocation from small parts if the chair is disassembled incorrectly.
- Risk of electric shock due to ESD discharge; observe the applicable safety regulations in the ESD area and wear suitable clothing.
- Check the chair regularly for wear and stability to minimise safety risks.
