Article Numbers: 143115, 143114, 143113, 143112, 143111

Safety Instructions:

- Risk of suffocation due to improper handling or breaking of the PET protective film. Take care when handling, especially due to sharp edges.
- Sharp edges of the aluminium frame can cause cuts. Handle with care.
- Suitable for outdoor use, but additional caution is required in extreme weather conditions. Waterproof thanks to sealing rubber and PET protective film, but watch out for excessive moisture and water sources.
- Additional weight load due to improper assembly can cause the frame to fall down. Observe the maximum load and recommended sizes.
- Ensure correct wall mounting using the plugs and screws supplied. Ensure the stability of the hinged frame on the wall to avoid the risk of falling.
- Choking hazard due to small parts during assembly or use. Keep out of the reach of children.
- Ensure that the hinged frame is secure when closed to protect the contents.
- The product must not be used in areas where it is exposed to direct sunlight or extreme temperatures.
- Avoid hanging the frame near children to prevent misuse.
- Watch out for finger injuries when opening the hinged frame display.
- Ensure that the frame is used on firm and stable surfaces to prevent it from tipping over in windy conditions.
- Ensure that the installation instructions are followed to avoid improper installation.
- Observe the local regulations for aluminium and plastic during disposal.
- Observe the product safety instructions in accordance with the General Product Safety Regulation.
