Safety Instructions:

- Ensure that the board is securely and stably mounted to prevent it from falling and causing accidents.
- Caution: Not suitable for children under 3 years due to choking hazard from small parts.
- Avoid contact with sharp or pointed objects so as not to damage the surface.
- Only use suitable board markers so as not to damage the writing surface or avoid harmful vapours.
- Protect the board from direct sunlight and extreme temperatures to avoid deformation and discolouration.
- Check the stability and fastening regularly to ensure safety.
- Take care during installation and handling to minimise the risk of injury from sharp edges.
- Avoid aggressive cleaning agents on the writing surface so as not to damage the coating.
- The board is only suitable for indoor use and should be kept away from moisture.
- Children should be supervised during use to prevent injury or swallowing of small parts.
- Keep the writing surface away from food and do not handle it with hot contact.
- Use suitable tools for installation and follow the manufacturer's instructions.
- Position the board horizontally to avoid warping.
- Avoid mounting the whiteboard close to electronic devices to prevent interference from magnets.
- The product may give off a chemical odour which will disappear on first use and does not pose a safety risk.
- Ensure that electrical cables are not damaged when drilling for installation.
