Safety Instructions:

- Take care not to overload the shelf to prevent it from wobbling or tipping over.
- Only use the shelf on a level, stable surface.
- Ensure that the castors are locked before moving the shelf to prevent accidental movement.
- Insert open-fronted storage bins correctly to prevent the stored parts from falling out.
- Follow the assembly instructions carefully to ensure the safety of the shelf. The shelf could become unstable if it is not assembled correctly.
- The product is not suitable for use by children under the age of 12. Store out of the reach of children to avoid risks.
- The product is not suitable for outdoor use. Avoid moisture and direct sunlight.
- Keep small parts out of the reach of children to avoid the risk of choking.
- Check the castors regularly for damage and ensure safety functionality.
- The maximum load capacity of the shelving units must not be exceeded.
- Avoid storing excessive amounts of heavy objects on the top levels.
- Do not place the shelf near heat sources or in direct sunlight.
- Shelf may only be assembled and used by adults.
- There is a risk of injury if handled incorrectly. Push the shelf carefully, especially with the sliding arm function.
