Safety Instructions:

- Suitable for use in ESD areas: Observe the required protective measures and only use in accordance with the applicable ESD regulations.
- Ensure that the stool is correctly adjusted in height to avoid accidents or injuries. Do not adjust beyond the recommended maximum utilisation height of 620 mm.
- Regularly check the functionality of the double castors and the materials, especially the gas spring, to minimise the risk of falling and safety hazards.
- The stool is not suitable for use on uneven or unstable surfaces.
- Keep the stool away from heat and naked flames to avoid fire risks.
- Keep out of the reach of children as there is a risk of injury.
- Only use the double castors on hard floors to avoid damage or accidents.
- Be aware of the risk of suffocation due to improper use of small parts.
- Be aware of the risk of electric shock due to improper use of the electrical components.
- Check the stool regularly for wear, ensure clear instructions for assembly and handling.
