Article Numbers: 882682, 882680

Safety Instructions:

- Do not exceed the maximum load capacity of 250 kg. Please note the maximum weight of 250 kg on the loading surface.
- Ensure correct attachment during assembly. Ensure that the trolley is correctly mounted before using it.
- Wear suitable protective equipment during use.
- Ensure that the trolley is parked on firm ground before use.
- Actuate the swivel castor with wheel lock during static storage to prevent it from rolling away. Use the wheel locks to prevent unintentional rolling away.
- Do not drive over uneven surfaces to avoid the risk of tipping.
- Keep children and pets away from or near the trolley.
