Article Numbers: 137851, 137850

Safety Instructions:

- Not suitable for commercial use.
- When using on water, watch out for signs of overloading.
- Protect from direct contact with sharp objects.
- Do not plump the absorbent pads to ensure their functionality.
- After use, dispose of the cushions in accordance with local regulations for hazardous waste.
- Use protective gloves to avoid skin contact with oil-binding materials.
- Take care when handling saturated absorbent pads to minimise the risk of harmful substances leaking out.
- The absorbent pads must not come into contact with flammable materials or ignition sources.
- Dispose of used absorbent pads in accordance with local regulations for hazardous waste.
- Ensure correct handling to guarantee the effectiveness of the oil binding.
