Please note the technical data of the products!

Article Number: 138974

Safety Instructions:

- The boxes should not be loaded beyond the recommended load capacity of 20 kg in order to avoid injuries.
- Children should not play with plastic boxes unsupervised, as they can pose a choking hazard, especially if small parts or body parts are pushed in.
- Regularly check that the lid is securely closed to prevent unintentional opening and possible injury.
- Ensure that the boxes are not stored near hot surfaces or in direct sunlight to prevent material damage.
