Article Numbers: 138918, 138917, 138916

Safety Instructions:

- Use a drip tray in accordance with specific regulations for liquids hazardous to water.
- Observe the maximum capacity of 255 litres to avoid overflows.
- Maximum load capacity: 950 kg when transporting with a forklift truck.
- Ensure that the tray is protected against mechanical damage caused by improper use or incorrect stacking.
- Regularly check for cracks or damage to ensure fluid tightness.
- Ensure accessibility for maintenance and cleaning work.
- Wear protective equipment (gloves, safety goggles) when handling hazardous substances.
- Store only on stable, level surfaces to prevent tipping or slipping.
- Ensure correct disposal of collected liquids in accordance with local regulations.
- Use only with suitable collecting material.
- Only use the product in designated environments.
- Follow clear instructions for safe use.
