Article Numbers: 139037, 139034, 139033, 139030, 139029

Safety Instructions:

- Do not exceed the maximum load capacity of 20 kg. Use suitable aids for safe transport to minimise injuries.
- During use: Product is only suitable for adults. Handle according to instructions and safety information.
- Use the lower handle for lifting to avoid injury. Independent stability check before transport.
- Avoid contact with sharp edges or objects to prevent injury and damage.
- Stacking: Do not stack the product if not specified, as there is a risk of it falling over. Observe instructions for avoiding previous measures.
- Use the product on a stable surface and check regularly for cracks or damage; do not use damaged products.
- Keep the product out of the reach of children to avoid risks such as crushing or injury.
- Do not store near extreme heat or moisture.
