Article Numbers: 171410, 171409, 171408, 171407

Safety Instructions:

- Observe the handling and storage instructions for safe use.
- Avoid overloading the box to prevent damage and to prevent it from breaking or tipping over.
- Keep the box away from sources of fire, extreme temperatures and water to avoid stability problems.
- When opening, pay attention to the tear strip to avoid injury and do not use the tear strip for other purposes.
- The product is not suitable for children under 3 years of age as it may contain small parts that can be swallowed.
- Handle the self-adhesive seal with care, otherwise there is a risk of injury.
- Ensure that the box has been designed and manufactured in accordance with safety requirements and check that it is stable and undamaged before assembly.
- Include instructions and safety information in clear, understandable language and be aware of the risk of tearing or collapse of the carton in the event of improper use or overloading.
- Monitor for potential safety risks and inform consumers in the event of a problem.
