Safety Instructions:

- Note seat height: Not suitable for persons under 1.40 m.
- When stacking the chairs, do not exceed the recommended number to avoid instability.
- Leave sufficient space for moving and do not use the chairs for other purposes.
- Read all the enclosed safety information before use.
- Choking hazard due to small parts: Not suitable for children under 3 years.
- Avoid improper use to ensure stability.
- Use the chair on a stable and level surface to prevent it from tipping or falling over.
- Regular checks for damage and wear are required. Replace damaged parts immediately.
- The maximum load on the chair must not exceed 120 kg.
- Check the upholstery and armrests regularly for cracks and signs of wear.
- Do not use chairs in areas with high humidity or extreme heat.
- Ensure that the chair is correctly assembled before using it.
- The product may only be used for its intended purpose.
- Warning: Product may tip or fall over if used incorrectly.
- Caution: Do not use by children without supervision due to the risk of suffocation.
- Make sure you adopt the correct posture when using the chair to avoid back problems.
- Avoid sitting on the backrest to prevent injury and damage.
- Follow the care and cleaning instructions to ensure the safety and durability of the product.
