Safety Instructions:

- Risk of suffocation from small parts if the coat hook is not properly installed.
- Ensure that the coat hook is correctly mounted on the wall to prevent it from falling down.
- When using bags or other heavy objects on the hook, care should be taken not to exceed the maximum weight to ensure stability.
- The coat hook is not designed as a toy; children should be supervised while in the vicinity of the product.
- The surface of the product may have sharp edges; take care when handling improperly packaged or transported hooks.
