Safety Instructions:

- Ensure that the chair is placed on a stable, level surface to prevent it from tipping or wobbling.
- Do not stack more than 12 chairs to avoid stability problems and the risk of tipping over.
- To avoid injury, avoid sitting or standing on chairs that are not designed for this purpose.
- Observe the maximum weight load of the chair to ensure safety.
- The chair is not suitable for use by children or as a toy.
- Suitable for use in visitor areas, not for damp environments.
- Clean the fabric cover according to the care instructions and keep the chair away from naked flames.
- Carry out regular inspections to detect damage and wear and tear and rectify them in good time.
- Risk of injury due to suffocation or improper stacking of small parts.
- Chairs should not be dragged over sharp or rough surfaces to avoid damage.
- Safety instructions for correct installation and use must be followed.
