Safety Instructions:

- Not suitable for use by children or use under adult supervision.
- Place the cabinet on a stable and level surface to prevent it from tipping over.
- Observe the maximum load on the shelves and coat rails.
- Do not overload to avoid structural damage or instability.
- Before use, ensure that all fastenings are correctly tightened.
- Do not use sharp objects for cleaning to avoid damaging the coating.
- Only use mild cleaning agents to protect the surface coating.
- Use the locks safely and only use the recommended keys to prevent damage.
- Keep out of direct sunlight and protect from extreme temperatures and moisture to prevent material damage.
- Improper use or overloading may result in injury.
- Ensure adequate ventilation to prevent mould growth.
- Safe to use indoors only to avoid corrosion.
- Avoid sharp edges to prevent injuries.
- Ensure continuous compliance with general safety requirements during series production.
- Label the product with the type, batch or serial number for identification.
