Article Numbers: 402119, 402118, 402116, 402115, 402114, 402112, 402111, 402109, 402108, 402107

Safety Instructions:

- Use security turnbolts or cylinder locks to prevent unauthorised access.
- Use plastic glides under the plinth and check regularly to prevent damage to the floor.
- Only use the product for its intended purpose (e.g. storing clothes) and protect it from improper use.
- Only allow children to use the locker under adult supervision to avoid misuse or injury.
- Ensure that the locker is securely mounted on a stable, level surface to prevent it from tipping over or tripping.
- Avoid excessive load on shelves and coat rails to prevent structural damage.
- Sharp edges can cause injuries - take care when using.
- Avoid contact with water and keep the locker dry to prevent corrosion of the steel surface.
- Ensure safe use when setting up and using the doors in order to avoid injuries caused by trapping or damage.
- Regularly inspect the cabinet surfaces for corrosion and wear.
- Not suitable for the storage of hazardous substances.
- Install and use the product correctly to avoid injury.
- Always keep the doors of the locker closed to avoid the risk of crushing.
- Children should not use the locker as a toy.
- Read the safety instructions and assembly instructions supplied carefully before using the device for the first time.
- Take environmental and safety aspects into account when disposing of packaging materials.
- Only use the locker for its intended purpose.
