Safety Instructions:

- Ensure that the cabinet is stable and securely mounted to prevent it from tipping over.
- The cabinet should be placed on a stable, level surface to prevent it from tipping over.
- All parts must be correctly fitted and securely fastened to avoid injury.
- Ensure that the shelves are not overloaded so as not to jeopardise stability.
- Use cylinder locks or security twist locks to prevent unauthorised access.
- Read and follow the installation instructions carefully before first use.
- The cabinet is made of steel. Check the edges for sharpness to rule out the risk of injury.
- To avoid injury, do not use sharp objects to open the door.
- Regular inspection and maintenance of the wardrobe for functionality and safety, especially the hinges and locks.
- Clean the steel surface regularly to prevent corrosion.
- Use suitable, non-abrasive cleaning agents for cleaning.
- Ensure that the product is not used with small children, as there is a risk of injury and suffocation.
- Warnings and instructions for use should be clearly visible on the product.
- The cabinet is not suitable for storing flammable materials.
