Safety Instructions:

- Observe maximum load: 80kg to avoid overloading and the risk of injury or material failure.
- Do not use the table as a toy and not suitable for children.
- Test the disinfectant on an inconspicuous area to ensure compatibility.
- Be aware of the possible risk of slipping if the table is placed on smooth floors.
- Edges and corners of the product may be sharp; handle with care.
- Do not place near naked flames or heat sources.
- Risk of suffocation due to improper use as a seat.
