Please note the technical data of the products!

Article Numbers: 139157, 139155, 139153

Safety Instructions:

- Ensure that the waste bin does not tip over when the inner bin is removed and that the product is stable.
- Avoid using near heat sources or open flames and do not store hot or flammable materials nearby.
- Use the optional odour filter according to the enclosed instructions.
- The product is designed for indoor use and is not suitable for outdoor use.
- Keep the waste bin out of the reach of children to avoid possible risk of injury, especially not suitable for children under 3 years of age due to small parts that could pose a choking hazard.
- Ensure that the waste bin does not come into contact with water or damp cloths, as this can damage the materials, and only use mild cleaning agents for cleaning to avoid damaging the surface.
- The statutory regulations must be complied with when disposing of sharp or hazardous waste.
- When installing or filling the waste bin, make sure that the contents do not overflow to avoid the risk of slipping.
- The surfaces may have sharp edges - take care when handling.
