Safety Instructions:

- Only use the drawer cabinet on stable, level surfaces to prevent it from tipping over.
- Observe the maximum load capacity of the drawers: 75 kg or 200 kg depending on the drawer configuration. Prevent overloading to avoid damage.
- Use the double pull-out stop to prevent tipping and to avoid pulling out several drawers.
- Place the product out of the reach of children to prevent injury.
- Follow the manufacturer's instructions during installation and use to minimise safety risks.
- Avoid risk of injury from pinching or crushing. Handle drawers with care.
- Do not use the drawer cabinet if it is malfunctioning or visibly damaged.
- Ensure regular inspection and maintenance of the cabinet to prevent hazards.
- Do not bring into contact with moist or aggressive media in order to avoid rust or material damage.
