Please note the technical data of the products!

Article Number: 328425

Safety Instructions:

- The mouse contains electrical components, so there is a risk of electric shock if used incorrectly.
- Avoid using the mouse near water sources to prevent short circuits.
- The mouse should not be dropped or handled roughly to avoid damage and possible injury.
- The mouse is not suitable for children under 3 years of age due to small parts that could pose a choking hazard.
- Keep the mouse out of the reach of children to prevent accidental use.
