### Safety Instructions:

- Always keep away from flames or other heat sources.
- Please keep the packaging out of the reach of children. Not suitable for children as there is a choking hazard due to small parts.
- Dispose of the packaging before use to avoid the risk of suffocation.
- Not suitable for direct contact with food.
- Suitable for the transport of electrostatically sensitive products. Take care not to tear or crush the bags to ensure protection. Take care when using in the vicinity of electrostatic-sensitive products.
- No direct skin or eye irritation from the materials.
- Caution: May present a potential hazard if used incorrectly or damaged.
