Safety Instructions:

- Take care when pouring hot liquids as they produce vapour and there is a risk of scalding.
- Not suitable for the microwave.
- Keep out of the reach of children to avoid scalding and choking hazards from small parts in the lid or spout.
- Avoid using sharp objects to prevent damage and scratches to the surface.
- There is a risk of electric shock if used incorrectly with hot liquids.
- Condensation or dripping from hot drinks can lead to a risk of slipping.
- Do not bring the jug into contact with naked flames or heat sources.
- Small parts can be broken off - Keep the jug out of the reach of children.
- Clean the jug regularly to prevent the build-up of deposits and odours.
