Safety Instructions:

- Make sure that the desk is secure and stable to prevent it from tipping over.
- Ensure that all parts are correctly fitted to avoid the risk of tipping.
- The table should be assembled and set up by an adult.
- Keep heavy objects away from the work surface to prevent them from tipping over.
- Avoid leaning or sitting on the table tops.
- Only use the desk on a stable surface.
- Ensure that the desk is not adjusted beyond the maximum height and depth settings and that manual height adjustment is carried out carefully to avoid injury.
- When adjusting the table height, take care not to get trapped.
- The free-form desk is not suitable for children under 3 years of age.
- The workstation is not suitable for children under the age of 12 without supervision.
- Inform all users about the correct adjustment and use of the height-adjustable desk.
- Only use the height adjustment in accordance with the instructions.
- Keep the work surface clean and free of obstacles.
- Follow the safety instructions when using electrical appliances.
- Cables should be laid neatly and secured with cable outlets to avoid tripping hazards.
- Avoid using cables and electrical appliances near water sources.
- Avoid rough contact with the surface, as they are not scratch-resistant.
- Ensure dry storage to avoid material deformation.
- Prevention of injuries if the table system is overloaded.
