Safety Instructions:

- Ensure that the product is installed correctly to avoid injury. It is recommended that installation is carried out by a competent or adult person. If you have any questions about installation, please contact customer service.
- Ensure that the table is placed on a stable and level surface to prevent it from tipping over or wobbling.
- Avoid placing excessive loads on the table and do not place any heavy objects on the table top to minimise the risk of falling and damage.
- Keep the table away from moisture and direct sunlight to prevent damage to the melamine resin coating and material deformation.
- Make sure that all parts are properly fastened and regularly checked to ensure stability and safety.
- Clean the table with a damp cloth and use the recommended cleaning agents to avoid damaging the melamine resin coating.
- The table is only suitable for indoor use and should not be placed near heat sources.
- Children should not play with the product and it should be placed out of reach of children to minimise the risk of injury. The product is not suitable for children under 3 years of age due to the risk of choking on small parts.
- If damage occurs to the table top or the frame, do not use the product and consult a specialist for repair.
