Article Numbers: 195827, 195826, 195825, 195824, 195823, 195822, 195821, 195820

Safety Instructions:

- Ensure that the belt post is set up stably and that the post is firmly anchored in the ground to prevent it from tipping over or sagging.
- Regularly check the functionality of the centrifugal brake to prevent injuries when retracting the belt.
- Fasten the webbing correctly and securely and do not tighten it too much to make it easier to pull in the webbing.
- Do not use outdoors in extreme weather conditions or near bricks, solid surfaces, heat sources or humid environments.
- Avoid contact with sharp edges so as not to damage the webbing.
- Keep the product and its operation away from children; supervision is required when using the product in the vicinity of children.
- Beware of the risk of injury due to improper handling of the webbing and post head.
- Read the operating instructions carefully before use.
- Avoid heavy traffic around the barrier system to prevent accidents.
- Not suitable for children under 3 years, choking hazard due to small parts.
- Ensure that the shut-off system is set up stably to prevent it from tipping over.
- Warning: Secure the belt posts in the event of vibrations or strong wind conditions.
