Safety Instructions:

- Choking hazard due to small parts - Product not suitable for children under 3 years of age; keep small parts out of their reach.
- Risk of crushing injuries if drawers are closed incorrectly.
- Only use the product on a level, stable surface to prevent it from tipping over.
- Activate the locking brakes on the castors to ensure safety and stability and prevent unintentional rolling away.
- Maximum load capacity of the drawers is 15 kg - avoid overloading to prevent injury and damage.
- Close the central locking system and the lock securely and properly to prevent unauthorised access.
- Read and follow the manual and safety instructions carefully to avoid improper handling and associated injuries.
- Take care when handling - do not open drawers at the same time to avoid accidents.
- Do not store the product near heat sources or open flames.
