Safety Instructions:

- Ensure that the mobile pedestal is placed on a stable and level surface and that the parking brakes are activated to prevent it from tipping over or moving unintentionally.
- Do not overload the drawer beyond the maximum load limit of 15 kg to avoid damage and stability problems.
- Make sure that no heavy or dangerous objects are stored unsecured in order to avoid injuries.
- Avoid use by children to prevent injury from pinching, tipping over, sharp edges or small parts.
- Secure the mobile pedestal before moving it to prevent it from tipping over.
- Activate the brakes on the castors to prevent the container from slipping, especially when it is not being moved.
- Make sure that the drawer is securely closed to prevent objects from falling out.
- Avoid using the mobile pedestal as a seat.
- Before use, make sure that there are no loose or damaged parts and that the mobile pedestal is properly assembled.
- Keep the container away from heat sources to prevent material damage.
- Read the assembly instructions carefully before using the mobile pedestal.
- Only use the product in the intended area of application and avoid harmful environmental influences.
