Safety Instructions:

- Be careful when opening and closing the safe to avoid injury.
- The anchoring material is not included in the scope of delivery; ensure that the safe is securely anchored.
- The safe is heavy; use suitable aids or additional persons to transport it.
- Keep the safe in a dry environment to prevent fire and water damage.
- The safe is not suitable for use by children and should be kept out of their reach.
- Carry out regular maintenance of the locking mechanisms to ensure proper functioning.
- Observe the operating instructions and safety instructions before use.
- Use the lock properly to prevent unauthorised access.
- The safe offers fire and burglary protection in accordance with standards, but not complete security against all risks.
- Make sure to close the safe door completely to ensure the protection of valuables.
- Take additional safety measures in unsafe areas.
- The safe has a high level of burglary protection thanks to its triple-walled door construction and manganese armouring.
- Ensure that the safe is installed in a fixed location to prevent theft.
