### **Safety Instructions:**

- Take care when using near open flames or high temperatures.
- This product is suitable for children, but should be used under supervision.
- Do not put in the mouth or suck; there is a choking hazard for small children.
- The use for food packaging has not been tested; therefore no food should come into direct contact with the product.
- Make sure that the product is not soaked in water to maintain its stability.
- Do not accept any liability for improper use of the product; store in a safe place.
- The paper is resistant to heat, cold and water, but is not suitable for long-term exposure to direct sunlight.
- Heavily soiled surfaces can be cleaned with disinfectant; ensure that no residues remain that could contaminate food.
