Article Numbers: 189843, 189842, 189841

Safety Instructions:

- Not suitable for direct contact with food.
- Do not use near open flames as the material may be flammable.
- Not suitable for children under 3 years of age, as small parts could be dangerous and there is a choking hazard.
- Avoid contact with sharp objects to prevent damage to the paper.
- When used in extreme temperatures outside the specified heat resistance, the paper may lose its properties.
- Not suitable for consumption, could cause food intolerances in case of accidental contact.
- Careless for children, beware of sharp edges.
- If used incorrectly, small amounts of toner dust may be released, which can cause breathing problems.
- Handle damp surfaces with care during use, as slipping is possible.
- Store safely to prevent misuse by children.
- Recommendation to observe the recommended safety precautions when using laser printers.
