Please note the technical data of the products!

Article Numbers: 189858, 189857, 189856

Safety Instructions:

- Choking hazard due to small parts, not suitable for children under 3 years of age. The product should only be used by children under the supervision of an adult.
- Avoid contact with naked flames or significant heat sources to prevent the risk of fire. The product is heat-resistant, but should not be exposed to direct heat and is not fireproof.
- There is a risk of injury due to damage to the material if used improperly. Protect the product from strong mechanical impact to ensure the integrity of the materials, such as the polyester film.
- Using the product at temperatures below -10°C or above 60°C can lead to deformation.
- Use for safe indoor and outdoor use. Outdoor use could lead to faster wear under extreme weather conditions.
- The product should not come into contact with cleaning agents containing aggressive chemical substances.
- Store the product in a cool and dry place to ensure quality and performance and to prevent deterioration.
- Make sure that the paper is not put in the mouth, especially with small children.
- Read the instructions for use carefully before using the product.
