

Product Safety Information

Synthetic paper Xerox Premium NeverTear, Polyester film, 270 µm, matt white, various Versions

Manufacturer/Responsible Person: Antalis GmbH, Europaallee 19, 50226 Frechen, Deutschland
E-Mail: info@antalis.de

Please note the technical data of the products!

Article Numbers: 189870, 189869, 189868, 189867

Safety Instructions:

- Not suitable for direct contact with food.
- Must not be incinerated as the release of harmful vapours is possible.
- Take particular care when handling hot surfaces, as heat resistance is not the same as non-flammability.
- Keep out of the reach of children as there is a risk of suffocation from small parts.
- Not suitable for children under 3 years: Small parts may pose a choking hazard.
- Risk of burns from high heat if used incorrectly.
- Avoid skin contact with sharp edges or broken parts.
- Product may present a health risk if inhaled or swallowed.
- Do not use near open flames or hot surfaces as the material may be flammable.
- Use in direct sunlight may affect the colour.
- Suitable for indoor use; keep away from fire, heat sources and strong pressure.
- The use of sharp or pointed objects on the surface can cause damage.
- Ensure that the product is stored in an optimal environment to avoid burns or discolouration.
- Dispose of packaging materials safely to avoid injury.
