Safety Instructions:

- Not suitable for use in unprotected outdoor areas; pay attention to weather influences when used outdoors.
- Make sure that the insert tray is inserted correctly and stably to ensure safe use; check carefully and replace if necessary if damaged.
- Keep the product out of the reach of children to minimise the risk of injury. Not suitable for children as there is a risk of suffocation.
- Avoid placing hot or flammable materials directly in the ashtray to minimise the risk of fire.
- The pedestal ashtray must be placed on a stable, level surface to prevent it from tipping over and to ensure safety.
- Only use recommended filling materials for the insert tray, such as quartz sand, and check regularly for cleanliness to avoid the risk of smoke.
- Keep the ashtray clean and empty it regularly to avoid accumulated ash and fire hazards.
- Do not touch aluminium and steel elements at high temperatures to prevent burns from hot surfaces.
- Aluminium parts may have sharp edges; take care when handling.
- Protect from direct sunlight to prevent the colours from fading.
- Make sure that the ashtray is not damaged so as not to compromise safety.
- Take care when using in closed rooms due to possible fire hazard from cigarette residues.
- Remove the ashtray from service if parts such as the metal sieve are damaged.
- The ashtray should be used under adult supervision to ensure safety.
