Safety Instructions:

- Take care when handling strong magnets to avoid crushing or injury.
- Children should not be left unattended with the product, as small parts can pose a choking hazard. Not suitable for children under 3 years of age.
- When attaching to ceilings or slopes, ensure that the structure has sufficient load-bearing capacity for the product.
- Take care when lifting heavy objects: The magnet has an adhesive force of up to 50 kg and can cause injuries if used incorrectly.
- Risk of injury due to crushing or cuts if handled incorrectly.
- Before applying to metal surfaces, ensure that the surface is compatible in order to avoid damage.
- Do not attach to unstable or fragile surfaces, as this may cause the attached object to fall off or fall down.
