Article Numbers: 170591, 170590, 170589, 170588

Safety Instructions:

- Only use the USB stick for its intended purpose.
- The product must not be exposed to moisture or extreme temperatures in order to avoid damage.
- Do not immerse in water or expose to liquids to prevent damage to the electrical components and loss of data.
- Suitable for users aged 14 and over.
- Regular data backups are recommended to avoid data loss.
- Do not use if there is visible damage.
- Use suitable security software to protect the data on the USB stick.
- Keep the USB stick away from small children to avoid the risk of choking if swallowed. Not suitable for children under 3 years of age.
- Risk of electric shock if handled incorrectly.
- To avoid injury, do not disassemble or modify the USB stick.
- Ensure that the USB interface is plugged in correctly to prevent damage.
- Check the condition of the USB stick regularly to ensure that there is no physical damage.
- Follow the instructions for the Plug-in & Play function to ensure proper use of the product.
