

Product Safety Information

Electric pump BAUER Hornet, self-priming, IP 54, 1.6 m suction hose

Please note the technical data of the products!

Article Numbers: 460491, 460490, 460484

Safety Instructions:

- Attention: Only for use with diesel, undiluted antifreeze and EL/L heating oil in accordance with regulations.
- The pump must be checked for damage before use.
- To avoid injury, keep hands away from moving parts and hoses.
- No contact with water or moisture to avoid electric shock.
- The pump should be protected from frost.
- The use of the integrated siphon protection is required for correct operation.
- Take care when handling electrical components to avoid electric shocks.
- Never operate the pump without water or the pumped liquid in order to avoid damage.
- Ensure that the pump is not used for handling flammable or explosive liquids unless it is designed for this purpose.
- Only use suitable hoses and adapters to prevent leaks.
- The pump must be supervised during operation in order to recognise possible dangers immediately.
- Do not use in the vicinity of naked flames or sparks, as operating fluids are flammable.
- Only use battery terminals in conjunction with suitable batteries.
- Handle the suction hose carefully to avoid crushing or injury.
- Please use suitable protective equipment, such as gloves and eye protection, when operating the pump.
