Safety Instructions:

- Seat height of 480 mm to prevent falls.
- Avoid excessive load on the frame to prevent structural damage.
- Remove detachable parts to prevent the risk of choking.
- Before assembly, ensure that all parts are correctly assembled to guarantee stability.
- Make sure that the chair is placed on a stable surface to prevent it from tipping over.
- Avoid excessive weight loads that exceed the recommended maximum load capacity.
- Assembly should be carried out in accordance with the enclosed instructions to avoid safety risks.
- The fabric cover should be checked regularly for tears or damage in order to minimise safety risks.
- Keep the chair away from open flames, hot surfaces and direct sunlight to prevent fire and material damage.
