Please note the technical data of the products!

Article Numbers: 461176, 461175, 461174, 461173, 461172, 461171

Safety Instructions:

- Ensure safe storage of water-polluting substances of GHS 1-4.
- When storing flammable liquids of GHS 1-3: use technical ventilation and earthing, observe fire hazard, only use outdoors with suitable accessories.
- Check the drip tray regularly for leaks and function and keep it in perfect condition.
- Carry out regular checks and logging due to the material's sensitivity to corrosion.
- Professional users only: Observe safety data sheets and ensure training.
- Use personal protective equipment (PPE) when handling hazardous substances.
- Keep safety devices such as lockable sliding gates in good working order.
- Use of forklift trucks or pallet trucks only by trained personnel; observe safety measures.
- If liquids escape, take immediate measures to combat the leak.
- Provide instructions for the safe handling and storage of hazardous materials in an easily understandable form.
- Only use authorised containers for the storage of hazardous substances.
- Ensure that the container is only used for the intended hazardous substances and is earthed accordingly.
