Safety Instructions:

- Ensure safe handling of hazardous substances. Observe the necessary safety precautions when handling.
- Carry out a regular visual inspection for damage before use.
- Emptying and cleaning in accordance with the relevant safety regulations. Clean the tray regularly to prevent the accumulation of hazardous residues.
- Only use for specified maximum load (2000 kg).
- There is a risk of leakage and contamination if used improperly.
- Make sure that the tray is placed on a stable and level surface to prevent it from tipping over.
- Prevent flammable or combustible substances from getting into the tray.
- Follow all local regulations for the storage and handling of hazardous substances.
