Article Numbers: 461310, 461309

Safety Instructions:

- Regular checks and logging of the material's susceptibility to corrosion are required.
- Ensure that the product is only used for the proper storage of flammable and water-polluting substances.
- Before using the drip tray, enclose safety instructions and information in understandable language.
- Caution: Store flammable liquids. Contact with naked flames or heat can lead to dangerous situations.
- Safe storage: The drip tray is only suitable for storing water-polluting substances of GHS 1-4 and flammable liquids of GHS 1-3. Observe the relevant safety regulations.
- For commercial use: Product is not intended for private use. Only to be used by trained personnel.
- Wear gloves and protective clothing: Suitable protective equipment is required when handling hazardous substances.
- Observe disposal instructions: Disposal procedures must be carried out in accordance with local regulations for hazardous substances.
