Article Numbers: 461314, 461313

Safety Instructions:

- High temperatures can affect the metal surface of the tray.
- The drip tray is intended for the storage of flammable liquids; improper use can cause a fire hazard.
- Only operate in well ventilated areas to dissipate vapours.
- Do not allow water to enter the tray to avoid corrosive reactions.
- Check the safety data sheets of the stored substances before use.
- Use recommended personal protective equipment (PPE) when handling the tub.
- Safe handling of flammable liquids according to GHS 1-3.
- Regular inspection and logging due to the material's sensitivity to corrosion.
- Do not use for the transport of harmful substances without suitable protective measures.
- Keep out of reach of children.
