Safety Instructions:

- Only use the drip tray for storing flammable liquids of GHS 1-3 and water-polluting substances of GHS 1-4.
- Ensure that the drip tray is placed on a stable base to prevent it from tipping over.
- Observe the safety data sheets for the stored substances and wear suitable protective equipment (e.g. gloves, safety goggles) when handling.
- Keep the drip tray away from sources of heat and ignition and avoid the risk of fire.
- Carry out regular inspections of the drip tray to avoid leaks and prevent corrosion.
- The drip tray is intended for commercial use only and should be kept out of the reach of children.
- Observe the safety instructions for the proper disposal of hazardous substances.
- Avoid risk of suffocation due to improper handling of liquid substances.
- Risk of injury due to improper use of pallet trucks or forklift trucks.
