Please note the technical data of the products!

Article Numbers: 460866, 460864, 460862, 460860

Safety Instructions:

- Use the product for the storage of water-polluting substances only for the intended use.
- Regular inspection and documentation of storage conditions and storage facilities for damage and leaks.
- Users should wear suitable personal protective equipment (e.g. gloves, safety goggles) to ensure safe handling of hazardous substances.
- Avoid direct contact with hazardous substances.
- Ensure that the shelf is stable by mounting it on a stable, level surface, not overloading it and checking it regularly for damage or corrosion.
- Storage should be limited to water-polluting substances of GHS 1-4 and flammable liquids of GHS 1-3.
- The drip tray must be properly installed, assembled and regularly checked for leaks and integrity.
- Ensure accessibility of safety data sheets for stored substances.
- User instructions and safety instructions must be available in clearly understandable language.
- Take care when storing heavy drums, especially flammable liquids, to prevent them from tipping over.
