Safety Instructions:

- Observe the safety warnings regarding water-polluting substances of GHS categories 1-4.
- Take care when handling flammable liquids of GHS categories 1-3; ensure safe handling in accordance with regulations.
- Only use the drip tray as intended to minimise safety-related risks and ensure that it is placed on a stable and level surface.
- The drip tray must be checked regularly for signs of wear or damage to ensure safe use.
- Ensure that the drip tray is used in accordance with the local regulations for handling hazardous substances.
- Avoid storing unlabelled hazardous substances in the drip tray.
- Wear an appropriate protective shield during use to protect against potentially hazardous chemicals.
- Losses and accidents must be reported immediately to the responsible authorities.
