Article Numbers: 461396, 461395

Safety Instructions:

- Avoid contact with flammable liquids and only store them in containers intended for this purpose.
- Only the correct personnel may use the filling block.
- The IBC station must be stably housed to prevent it from tipping over.
- Regular inspections of the IBC station are required to detect possible leaks.
- Protective measures against the dangers of water-polluting substances must be observed.
- Observe safety precautions when handling hazardous substances.
- Check the grating regularly for damage and clean if necessary.
- Check for proper function and tightness before use.
- Observe suitable safety measures for handling with forklift trucks.
