Safety Instructions:

- Only use in areas equipped with suitable fire protection devices and be aware of the possible danger of flammable liquids.
- Use suitable personal protective equipment (PPE) when handling hazardous substances and avoid contact with chemicals.
- The IBC station must be set up on a stable, level surface to prevent it from tipping over or slipping.
- Ensure regular inspections and maintenance by qualified specialists, including checking for impairment or damage.
- The station must not be overloaded; observe the maximum capacity of 1000 litres.
- Ensure proper disposal of any remaining liquids in accordance with local regulations.
- Safe handling of forklift trucks and pallet trucks during handling.
- The IBC station is not suitable for use by children.
