Safety Instructions:

- Danger when using chemical substances, observe product-specific safety instructions.
- Risk of environmental damage due to improper handling and leaks.
- Avoid unauthorised access to the product as it is used for hazardous liquids.
- Ensure a safe electrical supply (12 V) when using the diaphragm pump.
- Do not use the product near sources of ignition or open flames.
- Return and disposal of AdBlue® in accordance with local regulations.
- Do not overfill the container to avoid overflow and spillages.
- Use suitable protective equipment (gloves, safety goggles) when handling AdBlue®.
- Only use the filling station and mobile filling station in well-ventilated areas to avoid hazardous vapours.
- Do not operate the diaphragm pump in potentially explosive atmospheres.
- Users should be trained in the correct handling and hazards when handling hazardous substances.
- Avoid contact with skin and eyes, in case of contact rinse thoroughly with water.
- Read the operating instructions and safety instructions carefully before use.
- Never allow the diaphragm pump to run dry, as this can lead to damage.
- Check mobile petrol station for stability before use.
- Dispose of residual materials and empty containers in accordance with local regulations.
