### Safety Instructions:

- Avoid contact with skin and eyes when handling AdBlue® and wear suitable personal protective equipment (gloves, eye protection).
- Secure the tank system against unauthorised access and misuse.
- Regularly check the tank system for leaks and defects and observe the visual leakage indicator.
- Only install and operate the tank system in accordance with the manufacturer's instructions and by a qualified specialist.
- Only operate the tank system in well-ventilated rooms and ensure suitable ventilation during storage to avoid vapours.
- Draw up an emergency and action plan in the event of a leak or accident.
- Ensure that the electronic overfill protection is functional to prevent overfilling.
- Maintain a safe distance from heat sources and protect the system from extreme temperatures.
